COST BASIS DISCLOSURE

IRS regulations require that Computershare and other brokers/agents provide additional information to you and to the IRS when you sell certain securities. If you sold or transferred shares/units and did not specify a cost basis calculation method we have defaulted to either the first in, first out (FIFO) for equity issuers or for certain closed-end funds, average cost basis method. All covered and noncovered information set forth in this document is for informational purposes. The information is based on data in our records as of the date of this mailing. Cost basis data may be subject to change based on events such as wash sales, splits and spinoffs. If cost basis data was not available, the information was left blank. Computershare cannot confirm the accuracy or completeness of noncovered transactions. You should review your records for accurate information regarding the subject transactions and consult your tax adviser with any questions concerning your tax reporting obligations.
